Exemplary Programs

GET FIT: Stars "GET FIT" Workout Program began in October 2015 and continued through SY2019-2020 for the purpose of educating and promoting a healthier lifestyle for our students by having them participate in a variety of exercises such as running/walking, aerobic exercises, dancing, circuit training (which most SPARK lessons are integrated), jump rope, etc. To improve the quality of our students' participation in the exercise, the GET FIT team worked with the University of Guam SNAP-Ed Program promoting the 5-2-1-AN initiative.

PBIS: This is a school wide effort to teach students behavior expectations in school to decrease discipline referrals. Students practice and implement these expectations through various strategies and are rewarded through our Caught Being a Super Star incentive program. Students with behavior challenges have developed a Behavior Intervention Plan. The school improved the use of the TIPS as another element to improve data analysis of discipline in the school

STAR OF THE MONTH: The Star of the Month is a special day each month of the school year in which one student is recognized from each classroom for their positive behavior in following our school expectations and having good attendance for the month while keeping up with their academics.
